What Are Monopoly Go Free Dice Links?

Monopoly Go free dice links are special URLs shared by Scopely on their official social media channels, such as Instagram, Facebook, and Discord. These links provide players with free Dice Rolls, typically ranging from 25 to 50 rolls, and sometimes include other rewards like sticker packs or event currency. These links are a fantastic way for free-to-play players to keep progressing without spending real money.

As of June 2025, Scopely releases new dice links almost daily, often tied to events, tournaments, or special promotions like the *Summer Escape* or *Princess Pursuit* events. However, these links are time-sensitive, usually expiring within 2-3 days, so you need to act fast to claim them.

How to Redeem Monopoly Go Free Dice Links in 2025

To redeem free dice links, you must reach Level 15 in Monopoly Go to unlock the “Album” feature. Once unlocked, follow these simple steps:

1. **Click the Link:** Open the dice link on the device where Monopoly Go is installed. Links are typically shared on Scopely’s official Instagram, Facebook, or Discord pages.
2. **Redirect to the Game:** The link will prompt your browser to open the Monopoly Go app. You may need to confirm by selecting “Open in Monopoly Go.”
3. **Collect Your Reward:** If the link is valid, a pop-up will appear in-game, displaying your free Dice Rolls. Tap “Collect” to add them to your account.

Troubleshooting Tips

- **Expired Links:** Most links are active for only 2-3 days. If you see “This reward cannot be claimed,” the link has likely expired.
- **Already Claimed:** Each link can only be used once per account. If you get a “This reward has already been claimed” message, check if you’ve used the link before.
- **Technical Issues:** If the link doesn’t work, try restarting the app, switching browsers, or using incognito mode. Ensure the app is updated to the latest version.
